

# SAFER AND MORE RESILIENT WITH R-LinX - EDUCATION

## LOCKDOWN ALERT

Simultaneously alert all staff over many communication methods at the touch of a button

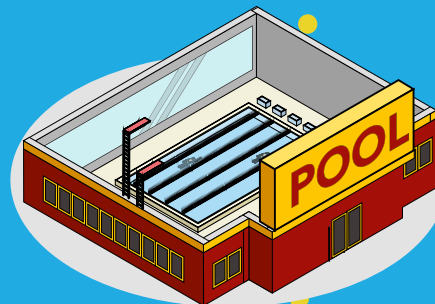

## DISCOVER FALSE ALARMS

Avoid unnecessary evacuation and disruption from false alarms. Discreet pre-alert to give your staff the time to investigate the source before initiating a full alarm

## CONNECT TO TECHNICAL ALARMS

Ensure an alert is never missed. Integrate with a wide range of technical alarms including Pool, HVAC and BMS

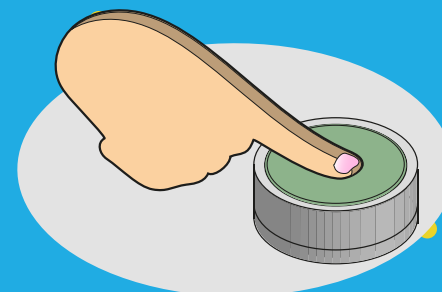

## MONITOR UNOCCUPIED BUILDINGS

Rest assured your unoccupied buildings are safe and secure with remote monitoring, allowing you and your staff the freedom to do more

## LINK TO CALL BUTTONS

Classroom, reception, one to one sessions or in communal areas. Discreetly call for assistance or raise an alarm

## OPEN GATES AND BARRIERS REMOTELY

Open gates, barriers and access doors remotely, all via two-way radio
